Welcome to Blue Mountain!

We welcome you and your dog with open arms however we do have a few rules to help ensure a comfortable stay for all guests and employees at Blue Mountain:

1. Dogs require all of their rabies shots and must be free of fleas and ticks.
2. Vet papers or a rabies tag may be requested to show immunization records that are not expired or older than one year.
3. Dogs are required to be in a carrier or on a leash when in the hotel common areas (corridors, elevators, lobby) and walking around resort.
4. Dogs are not permitted in any other Blue Mountain Lodging Properties or Resort Shuttles. Also, ensure you abide by individual restaurant and store rules when you are with your pet.
5. Dogs are not permitted in service or recreation areas including pool, fitness facility, Pottery, Jozos, Kalola Spa, and the Blue Mountain Beach.
6. Dogs must be kept in their kennel when left unattended in the suite.
7. In order to receive housekeeping service, you must either be present, or remove the pet from the room during this time. Blue Mountain employees will not service a room while the pet is unattended, and will not enter a room unless the guest answers the door.
8. If you do not require service, or have left the dog in the room, please place the *"Relaxing with man's best friend"* hanger provided upon arrival on the door. Housekeeping will not enter if the *"Relaxing with man's best friend"* hanger is hanging on the door.
9. Dogs are not permitted on the furniture or beds in the room.
10. In the event that a dog behaves in a way that is disruptive or otherwise uncontrolled, Blue Mountain Resort may, at its own discretion, restrict a dog from entering Blue Mountain Inn. In such a circumstance, if the dog owner is not present, Blue Mountain reserves the right to remove the dog from the guest room until such a time that the owner can claim the dog, at a fee of \$25/hour. Further, Blue Mountain will provide the pet owner a list of local kennels as an option to accommodate the dog for the duration of the registered stay.
11. Anytime your pet is left unattended in the room, you must contact the front desk and let the representative know when you plan on returning, and provide a reliable contact number to reach you.
